

What is claimed is:

1. A method of treating a human suffering from a disorder associated with dyslipidemia, said method comprising administering to the subject an effective amount of non-human animal ApoA-I protein.
2. The method of Claim 1 wherein the disorder associated with dyslipidemia is hypercholesterolemia.
3. The method of Claim 1 wherein the disorder associated with dyslipidemia is cardiovascular disease.
4. The method of Claim 1 wherein the disorder associated with dyslipidemia is atherosclerosis.
5. The method of Claim 1 wherein the disorder associated with dyslipidemia is restenosis.
6. The method of Claim 1 wherein the disorder associated with dyslipidemia is HDL or ApoA-I deficiency.
7. The method of Claim 1 wherein the disorder associated with dyslipidemia is hypertriglyceridemia.
8. A method of treating a subject suffering from an infection, said method comprising administering to the subject an effective amount of non-human animal ApoA-I protein.
9. The method of Claim 8 wherein the infection is bacterial.
10. The method of Claim 9 wherein the infection is septic shock.
11. The method of Claim 8 wherein the infection is viral.
12. The method of Claim 11 wherein the virus is influenza.
13. The method of Claim 11 wherein the virus is human immunodeficiency virus.
14. The method of Claim 11 wherein the virus is cytomegalovirus.

15. The method of Claim 11 wherein the virus is herpes simplex virus.
16. A pharmaceutical composition comprising non-human animal ApoA-I protein and a pharmaceutically acceptable carrier, excipient or diluent.
17. A non-human animal ApoA-I protein-lipid complex comprising non-human animal ApoA-I protein and a lipid.
18. A pharmaceutical composition comprising a non-human animal ApoA-I protein-lipid complex.
19. The composition of Claim 18 wherein the lipid is sphingomyelin.
20. The composition of Claim 19 which is in the form of a lyophilized powder.
21. The composition of Claim 19 which is in the form of a solution.
22. The method of Claim 1 or 8 wherein said subject is a human.
23. The method of Claim 1 or 8 wherein the non-human animal ApoA-I protein is bovine.
24. The method of Claim 1 or 8 wherein the non-human animal ApoA-I protein is from chickens.
25. The method of Claim 1 or 8 wherein the non-human animal ApoA-I protein is from turkeys.
26. The method of Claim 1 or 8 wherein the non-human animal ApoA-I protein is from pigs.
27. The method of Claim 1 or 8 wherein about 0.5 mg/kg to about 100 mg/kg of the non-human animal ApoA-I protein is administered to said subject.
28. A method of administering the composition of Claim 26 wherein the composition is administered orally.
29. The method of Claim 26 wherein the composition is administered intravenously.
30. The method of Claim 26 wherein the composition is administered by inhalation.

31. The method of Claim 26 wherein the composition is administered once daily.
32. The method of Claim 26 wherein the composition is administered twice daily.
33. The method of Claim 26 wherein the composition is administered three times daily.
34. The method of Claim 26 wherein the composition is administered four times daily.
35. The method of Claim 26 wherein the composition is administered about once weekly.
36. The method of Claim 26 wherein the composition is administered about once monthly.
37. The method of Claim 26 wherein the composition is administered about every six months.
38. The method of Claim 26 wherein the composition is administered about once weekly for one month.
